

SOGGY BOTTOM RACING · MEDICINE HAT

SB Racing App Guide

Ride the Badlands. Embrace the Mud.

The official club app for Soggy Bottom Racing — the same toolkit as sbracing.ca, built for Medicine Hat riders. Maps, group rides, GPS tracking, poker runs, merch, and HQ in one place.

WHAT'S IN THE APP

Trail maps

Medicine Hat, Redcliff, Elkwater, Cypress Hills, and Fernie. Difficulty at a glance, short write-ups, My Location, and trail photos you can upload from the ride.

GPS ride tracking

Tap Start when you roll out. Distance, time, elevation, and a saved track — including with the screen locked. Saved rides feed the weekly, monthly, and yearly leaderboards, where members compete for Soggy Bottom prizes.

Events & RSVP

Group rides, clinics, socials, and poker runs. RSVP in the app, see spots left, and open event photos or logos on the card. Members-only events live under Members.

Poker runs

Checkpoints on the map. Roll up close enough and pick your card by location — no QR required — or scan a code if you want. Hands lock when the reveal time hits and the event is marked complete.

Members & profiles

Browse the roster. Each rider can add a short bio, the bike they ride, experience level, and a photo. Tap a name to open their card. Emergency contact is admin-only.

Notifications

Club and event alerts land on your phone. Turn each type on or off with toggle switches in your profile — they stay that way until you change them.

SOGGY BOTTOM RACING · MEDICINE HAT

SB Racing App Guide

Born in the mud. Built for the trails.

MORE CLUB TOOLS

Soggy Bottom HQ

Club photos, clips, posts, comments, and polls stay in the app so updates are not scattered across group chats.

Merch shop

Browse club gear in the app. Signed-in members can order through the shop. Admins manage inventory and orders from a separate merch dashboard.

Join the club

Private club — apply in the app or on the site. Every application is reviewed. Approved members get the full roster, private events, and HQ.

iPhone & Android

iPhone: search SB Racing on the App Store. Same login as the website. Android: a working build is in testing now. Play Store listing comes next.

ANDROID IS IN TESTING

We have a working Android version of the same app — maps, events, rides, poker runs, merch, and push notifications. It is not on the Play Store yet. Android riders who want on the first tester list can email the team.

WHAT DO YOU WANT NEXT?

Tell us what you would most like to see in future updates — more trail coverage, ride recaps, richer ride metrics like top speed and average speed, offline maps, or something we have not thought of yet.

team@sbracing.ca

We read every note.

Beginners and regulars are both welcome — no ego, just good people on bikes.
